Quick learner with a strong portfolio of real projects and a deep understanding of the UAE and GCC digital market.

## PROJECTS

### Local SEO Audit — Veer Punjab Restaurant, Jebel Ali Dubai *March 2026*

Live Business Audit • Local SEO • Google Business Profile • Competitor Analysis

- **Conducted a full live SEO audit** on Veer Punjab Restaurant (2 branches, Jebel Ali) using real data from Google Maps, Instagram, Zomato, 2GIS, and direct website testing
- **Identified critical website error** (409 HTTP conflict) making the site inaccessible to both users and Google crawlers — documented with detailed fix recommendations
- **Discovered duplicate link-in-bio tools** (HeyLink + Linktree) causing split link authority and inconsistent brand signals across platforms
- **Researched 15 high-value local keywords** (e.g. 'Indian restaurant Jebel Ali', '24hr Indian restaurant Dubai') with zero current rankings — all low competition opportunities
- **Produced a 9-section professional PDF report** covering: Website Health, GBP Audit, On-Page SEO, Keyword Strategy, Social Signals, Citations, and a 90-Day Action Plan
- **Projected results:** Top 3 Google Maps Local Pack ranking, 1,500+ monthly website visitors, and 100+ Google reviews within 6 months of implementation
- Portfolio:

### Facebook Shoe Sales Campaign — Meta Ads Manager *2026*

Meta Ads • Audience Targeting • Ad Creative • Campaign Structure

- **Designed and executed a Meta Ads practice campaign** for shoe sales using Facebook Ads Manager with full campaign structure
- Built audience targeting: custom audiences, lookalike audiences, and interest-based targeting for UAE e-commerce
- Set up ad creatives, budget allocation, and bidding strategy — shared campaign results on LinkedIn

### MK Digital Marketing Website — GitHub Pages *2026*

Web Development • On-Page SEO • HTML / CSS / JavaScript • GitHub Pages

- **Built a complete digital marketing services website from scratch** using VS Code and AI-assisted development
- Implemented on-page SEO: title tags, meta descriptions, heading structure, and keyword placement
- **Live site:** monukalia.github.io/MK-digital-marketer/

### Digital Marketing Website — WordPress on Pantheon *2026*

WordPress • Pantheon Hosting • CMS • On-Page SEO • Web Development

- **Rebuilt the MK Digital Marketing website using WordPress** replicating the original design inside a full CMS environment on Pantheon — enterprise-grade hosting
- Configured WordPress theme, page structure, navigation, and layout to match design specifications
- Applied on-page SEO best practices within WordPress: title tags, meta descriptions, headings, and image alt text
- Demonstrates ability to work across both code-based (GitHub Pages) and CMS-based (WordPress) web environments

- **Live site:** live-mk2504.pantheonsite.io
